

questionPopScreen::  
clickedOnRightAns

```
graph LR; A["questionPopScreen::  
clickedOnRightAns"] --> B["PlayGame1::updateScore"]
```

A diagram showing a call from the function `questionPopScreen::clickedOnRightAns` to the function `PlayGame1::updateScore`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

PlayGame1::updateScore
